WORLD HAPPENINGS BRIEFLY TOLD

The Earl of Chichester, former head steward of His Majesty's household and the 10th earl of that name, is dead in his 76th year.

The monthly average of employment in Canada throughout the year 1932 was 801,356 employees, according to a voluminous report issued by the Dominion Bureau of Statistics.

Department of national defence proposed as a measure of unemployment relief to construct an additional landing strip at Camp Borden in the near future.

A new organization to be known as the Canadian Society for Literature and the Arts was brought into being at a recently held meeting of active and influential Toronto citizens.

The average value of all assets over \$100,000 is estimated at \$146,584,900, as compared with \$48,235,400 in 1931, said a report issued by the Dominion Bureau of Statistics.

Entries from Alberta at the World Grain Congress in Regina next summer are expected to reach 200, and approximately half that number have already been received.

Ernest L. Benson, before his retirement, one of the largest lumber exporters in Canada and owner of large timber tracts throughout northern Quebec and Newfoundland, is dead at Montreal, aged 85.

A non-stop flight from Moscow to Angora, a distance of more than 1,000 miles involving a crossing of the Black Sea, is planned by the Soviet flight promotion society, Osoaviakhim, for 1933.

The American Chamber of Commerce in London, through Francis E. Powell, its president, announced its advocacy of a plan to hold the projected world economic conference at Washington.

Served Queen Alexandra

Late Resident Of Culver Was Once
Lady In Waiting

Honorable Mabel Vause-Fitzgerald, former lady-in-waiting to Queen Alexandra, is dead. She was known in Calgary as Mrs. Fitzhardinge Rose, proprietor of a small lending library and bookseller to the public.

Brought up in the court of King Edward's Court and guided by her mother's parents, Lord and Lady Cecil Gordon, her life in Alberta was a strong contrast to the brilliant one she once knew.

Following her marriage to George Flanagan, she was married with her husband to a ranch at Five Lakes, north of Calgary, 22 years ago, later coming to the city. For a number of years she operated her little library until illness forced her to retire.

An Unusual Record

Sisters In Nebraska Have Lived Together Forty-Eight Years

Two sisters whose combined ages total 187 years live together at Heldrege, Neb. They claim to be one of the oldest sister combinations in the state.

Mrs. Anna Leibengut is 97 years old and Mrs. Hannah Lindner, her sister, is just 90 years of age.

The two have lived together during the past 48 years. They do their own house work and care for a large garden and lawn.

Receipts of French railways in the last three years totalled nearly \$300,000,000.

England had less sunshine last year than in any 12 months since 1888.

Ultra-Rapid 'Planes

Picked Foresees Few Hours Journey
From Earth To Mars

Prof. Auguste Piccard, explorer of the stratosphere, predicts that travellers not many years hence will cross the Atlantic in "stratospheres" with less risk than in crossing a large modern city in an automobile.

He gave an imaginary description before the Royal Canadian Geographical Society at Washington of a flight in such a machine, several of which he said already were being built in Europe.

"Visualize a tired senator here in Washington," he said, "sitting at his breakfast table trying to conceive of a way to get to the office. His friend telephones from Paris asking him to drop in for luncheon six hours later. He pushes away his grapefruit and rushes to the stratosphere, and enters a stratosphere."

The stratosphere is the inevitable super-highway for future intercontinental transport."

Of Interest To Poultrymen

Saskatchewan Poultry Industry Issues Third Annual Catalogue

This third annual catalog of Saskatchewan poultry and turkey breeders has recently been issued under the supervision of the poultry division of the provincial livestock branch. The catalogue contains a list of all prominent breeders in Saskatchewan together with details respecting the particular stock they raise and the Articles of interest to poultrymen generally, written by experts in their field, are also included together with a brief summary of the provincial and federal services which are offered for the assistance of the industry.

By Ruth Rogers

1

FRUIT BLANC MANGE
(Serves 6-8.)
1½ cups evaporated milk.
1 cup sugar.
½ teaspoon salt.
4 teaspoons cornstarch.
½ cup orange juice.
1 teaspoon grated orange rind.

Heat milk in double boiler. Mix sugar, salt and cornstarch. Blend with part of orange juice. Add remaining juice to hot milk. Add rind. Cook until smooth and thick. If orange juice curdles, mix well with wire whisk. Pour into individual serving dishes and chill. If desired to mold, increase cornstarch 1 tablespoon.

Science Steps Back
Science has stepped back another few hundred years and found the result of a puzzle which existed 6,000 years ago, not far from where the Persians hundreds of years later reared up the black marble palaces of those ancient capital, Persepolis, the Persians of the day.

An English scientist says that fortunately for mankind not more than one egg in every 16,000 lives to become a full-sized herring.

Netherland Indian air services are using American pursuit planes.

Says Soldier Settlement Policy Has Not Been Changed

The policy of the soldier settlement scheme will not be changed, says Col. G. H. D. MacLennan, director of the scheme, who advised the government officials to a despatch from Prince Albert, Sask., which stated the local branch of the Canadian Legion was about to appeal to the Dominion government on behalf of some needy veterans settlers.

A man with two hearts has been discovered. We wish they could use him in the banking business.

Siam plans to lend funds to farm-

ers.

+ Do You Know? +

992

A SIMPLE DRESS—SO EASY TO WEAR—AND SO FASCINATING

To Sew!

Here you have today's model! And isn't it ravishing? A dress in which you will always appear smart. It can be easily made to be worn for street, bridge or office.

In the original, a purple of a light weight, very soft fabric, crepe silk was chosen. The matching boned buttons are easily trim.

Others are thinking of a woolen dress, it's delightfully snappy in a soft grey material with fuchsia-colored buttons.

Style No. 992 is designed for sizes 14, 16, 18, 20, 22, 26, 30, 34 and 42 inches bust.

Size 26 requires 3½ yards 30-inch.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

THAT this gentle eyed beast derives his name from the shape and size of his ears is known to all. He is known as the moose deer and is probably the greatest big-game animal in the world. The moose and his brothers and sisters make their homes in Jasper National Park, Alberta, Canada, the largest game sanctuary in the world. The park has an area of more than 4,000 square miles.

Railway Problem Is A Very Serious One Says Premier Bennett

Ottawa, Ont.—The railway problem in Canada is threatening the very economic life of the country, Premier E. H. Bennett told a delegation of railway men here. Like the fabled old man of the sea it was clinging to the back of Canada, slowly threatening its life.

No language would be too extravagant to describe the seriousness of Canada's railway problem, the Prime Minister said. It had been submitted by the railwaysmen that too much emphasis had been placed on the railways in the solution of the problem and not enough on the human.

"But if these enterprises stop altogether there will be no work at all," said Mr. Bennett. "Our effort is to maintain as going concerns, these enterprises. That is our job, our responsibility."

In this country continues as we have done in the past, we cannot continue long. We have only 10,000,000 people, scattered from sea to sea, and we must stop incurring fresh responsibilities or we cannot pay the past (responsibilities) if we can't pay the past our present responsibilities, we cannot bear more."

Canada's economic life was at stake, proceeded the Prime Minister, and if we lose our credit, we lose everything." The Royal Canadian National debt stood each year at the deficit in 1932 was \$500,000,000, and this year it looks as if it might be well within it if we add \$100,000 a week."

"This country," continued Mr. Bennett, "has only 10,000,000 people, and they find it exceedingly difficult to pay present taxes. We therefore are at a breaking point, and every day gets us closer to it in this time of depression."

It would be the responsibility of the government and the Canadian National Board of Trustees—recommended by the Diefenbaker commission to maintain the railways as going concerns given the fact that Mr. Bennett said, "Railroads will have to be made. We must as well face that. But it will be a common sacrifice, everyone will have to suffer."

Every consideration would be given to the representations, said Mr. Bennett. Seated with him were Hon. W. G. Cuthbert, Minister of Agriculture; Hon. R. J. Manion, Minister of Railways; Hon. Alfred Dur�au, Minister of Fisheries, and Hon. E. N. Rhodes, Minister of Finance.

When it was suggested the bonded indebtedness of Canada should be reduced, the Prime Minister said the bonds had been guaranteed by the government, "and cannot be written down. The interest must be paid if the credit of this country is to be upheld."

Would Limit Exports

Wheat Should Be Used For Feed For Livestock

Saskatchewan—Sask.—Canada should limit exports of wheat, says Mr. E. H. Bennett. He said the bonds had been guaranteed by the government, "and cannot be written down. The interest must be paid if the credit of this country is to be upheld."

Trying Times For Dairymen

Prices Of Dairy Products Lowest In Two Years

Saskatoon, Sask.—A recent session of the Saskatchewan Dairy Association at the university, P. E. Reed, dairy commissioner for Saskatchewan, drew attention to the lowest prices during the past two years obtaining during 1932 for dairy products.

Mr. Reed said these were trying times for dairymen, and that there were some bright spots to be used, such as improvement in the quality of Saskatchewan butter during 1932, and though only 90 cents per pound was compared to 45 the previous year, 278.525 pounds were the average per tonency compared to 297.631 in 1931.

The total value of dairy products in 1932 was \$15,933,036 a decrease of more than \$2,000,000 from the previous year.

The 1932 output of creamery butter, 37,945 pounds, a decrease of more than 2 million pounds from the figures of 1931.

Legislation Is Planned

Winnipeg, Man.—Designed to get around the recent decision of the Privy Council placing control of agriculture in the hands of the provincial legislature ended the Dominion with taxation over companies in Manitoba will be brought about by the Manitoba Government.

Blackmail Brought

Toronto, Ont.—A contingent of 100 men attempted blackmail against James Francesco, wealthy Minico, Ont., contractor, was seen when it was revealed provincial and city police have combined in an effort to wipe out an alleged blackmail ring.

U.S. Farmers Fight Taxes

To Protect Farmers From Taxation

Chicago.—Farmers of the agricultural states are fighting two of their ancient foes, mortgages and taxes, with a desperate determination this winter, and state legislatures are their battleground.

Their fight is waged with bulls of a different color, though the weapons are aimed at the same target. By one method or the other it is intended to protect the farmer from loss of his property through tax sales or mortgage foreclosures.

Nearly every legislature meeting this year has heard the farmers' voice in measures designed to give them respite from tax and interest burdens.

Outside legislative halls, farmers from Iowa to Pennsylvania have given proof of their earnestness, sometimes by forcibly halting tax and mortgage sales. In many states farm groups have voted their sympathies, which has commanded legislative attention.

Reid sought through the state legislatures is chiefly concerned with reduction of the farmers' "dead charges," in contrast with legislation to increase prices sought through the federal government.

Wheat Exports

About 80 Per Cent. of 1932 Crop Is Now Marketed

Ottawa, Ont.—About 80 per cent. of the 1932 wheat crop has been marketed in the prairie provinces, and experts of Canadian wheat and wheat flour for the five months up to the end of December totalled 150,000,000 bushels, as compared with 167,000,000 bushels during the same period in 1931, according to the monthly statement of the Dominion Bureau of Statistics.

The review stressed the importance of exports of Canadian wheat to the United Kingdom during the present crop year. According to British trade returns, during the four months from October to November, 1932, total imports of wheat into the United Kingdom amounted to £8,000,000 bushels of which 33,000,000 bushels originated in Canada. The Bureau estimated that during the corresponding period of 1931 not more than 20 per cent. of British imports consisted of Canadian wheat.

Toronto, Ont.—A contingent of 100 men attempted blackmail against James Francesco, wealthy Minico, Ont., contractor, was seen when it was revealed provincial and city police have combined in an effort to wipe out an alleged blackmail ring.

Community Life

Need For Development Suggested By Saskatchewan Speaker

Saskatoon, Sask.—Emphasizing the need of a vital community life, particularly the cultural and social guidance of young people, in which the church and the home should lead as a sort of community club, J. G. Rayner, director of agricultural extension at the University of Saskatchewan, gave his report as secretary at the annual convention of the Saskatchewan Agricultural Societies Association here. He suggested new methods of endeavor for the future in a time when, owing to lack of funds, the usual enterprises had to be abandoned.

Mr. Rayner's report pictured the decline in the activities of the agricultural societies with a total membership of 10,000 in 1931, as against 18,000 in 1928. He stated that while any report connected with agriculture at this time would contain dismal prognosis, it had its bright spots also. Good work had been done despite all obstacles, Mr. Rayner declared.

Announce Refusal To Take Pay Reductions

Stand Taken By Railway Workers In England

London, Eng.—Employees of the major railway companies of England announced their refusal to accept wage reductions recommended by Sir Harold Morris, chairman of the National Railways Wage Board.

Mr. Morris had recommended a cut of 10 per cent. in wages, which has commanded legislative attention.

THE OPEN ROAD

Suppose you came suddenly upon two roads. One straight, well-trodden—the other thin and twisting off into undergrowth. If you didn't want to arrive at any place in particular, you might choose the latter. But not otherwise.

Before you, as a buyer, run two roads. One is the road of knowledge of an advertised product. Thousands use it. There is no mystery about it, no doubt nothing hidden. It leads the way definitely to flour, floor wax, clothing and food stuffs that will give you satisfaction. When you use an advertisement, you use an open road.

When you don't use advertisements, you go the doubtful road. You have only hazy knowledge of the product ahead. No trademark or name to depend upon guides you. The result may or may not be worth the effort. You don't know.

Read the advertisements. Anything widely advertised—breakfast food, hammer, hair tonic—has proved itself good by advertising.

... Advertisements put you on the open road to satisfaction

HAROLD LLOYD

"MOVIE CRAZY"

No one but Harold Lloyd can make you laugh one moment and weep the next. Babbling with comedy—humor—silk-splitting.

Matinee at 2:30 pm.

Prices 10c and 25c

GLEICHEN COMMUNITY HALL

2 SHOWS 7:30 AND 9 P.M.

—USUAL PRICE—

The Gleichen Flour Mill

Now is a good time to get a supply of flour for next summer. Flour milled within the next two or three months will be at its best three or four months later.

In the meantime you will have the bread, shorts for the houses, mills, cows and pigs during the winter months when they need the class of flour.

The Gleichen Flour Mill would prefer to have its patrons pay for the grinding and take all that the wheat makes but will exchange either flour, bran or shorts for wheat at prevailing prices.

QUALIFIED WATCHMAKER JEWELLER

Prepared to repair all makes of watches and clocks and jewelry. ALL WORK GUARANTEED SATISFACTORY, AND DONE AT REASONABLE RATES.

V. HACKWORTH,

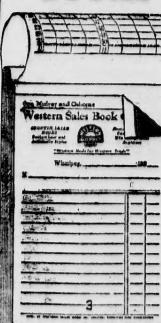

GEO. W. EVANS

Undertaker
And Embalmer
MOTOR HEARSE

Artificial wreaths always on hand. Weather does not effect these flowers in any way

GLEICHEN, ALBERTA

THE GLEICHEN CALL

TOWN & District

The A. C. F. A. of Cluny are putting on a big dance and giving away five prizes, next Friday evening, February 10th. They invite the Gleichen folks to attend and assure all a good time. The admission price is only 25 cents.

Bob Hawkayne is thinking of offering a prize for the individual who can make the most and best cigarette in a given time with his cigarette making machine. Bob has the best and the best cigarette in town. If he holds this contest the prize will be awarded on points such as, speed in making, smokability, lightability, drawability, tightability, durability, etc. The cigarette which may be the most desirable in a good cigarette. Meantime he presents his friends with the products of his factory and asks them what they think of his ability.

The third session of the seventh legislature opens on February 1st, and it is expected that the program of legislation will be light. Two new members will take their seats in this session namely: C. A. Ronning, U. F. A., member for Canmore and Norman Blundell, independent member for Calgary.

A large number of Gleichen hockey fans attended the game at Stratford-on-Thames, England, last Saturday night. All hoped that Smith had stayed. All hoped that Smith would bring the cup with the roost in that case it was thought, the Germans would be called upon to play them and big crowds would turn out to see the two games.

The many Gleichen friends of Mr. and Mrs. H. Brown of Arrowwood, will be pleased to learn that their daughter Thelma, who has been confined to bed through illness for many months, is much improved in health.

Born to Mr. and Mrs. C. W. Hallsted, a son, on Saturday, Feb. 4th.

Born to Mr. and Mrs. Parthy, nee Buckley, a son, Friday February 3rd.

Next Saturday afternoon at 2:30 p.m. there will be matinee showing of the Harold Lloyd picture, when special prices will prevail for children.

The annual Gleichen bonspiel gets under way Saturday, Feb. 11th, starting with 25 pairs entered. A large number of rinks from surrounding towns are entered and it will be a day or so yet before the bonspiel ends. Monday evening the curlers were uncertain to a smoke; in the hall when some sixty-five curling wands were on turned to a smoke in the hall when wind. All rings having had a most enjoyable evening.

After an illness of many months George Sander, aged 82 years, died at his home residence ten miles north of town, Monday morning. Besides his widow he leaves five children, the youngest being ten years old. He came to the district about a year ago, from the Rosebud. The funeral took place at the Gleichen cemetery.

A "Heart Party" is being given by the United Church ladies at Mrs. G. Goedelmann's home, on the afternoon of St. Valentine's Day, Tuesday, February 14th, from 3 to 6. You are invited.

A woman was having the upper rooms of her house painted and she found that Carl Johnston was slackening the job.

"Mr. Johnston, are you working?" he shouted from the foot of the stairs.

"Yes, ma'am," came the reply.

"I can't hear you."

"Well, do you think I'm putting it on with a hammer?"

Almost one-third of the homesteads taken up in Alberta since July 2, 1931, under the new government regulations, have been secured by women. The total number of homesteads taken by women in that period is 5,232, compared with 5,912 taken by men. When Alberta took over its own lands from federal control, the regulations governing homesteading rights were changed, providing for a third person residing in the homestead before entry for homestead land could be made. The new regulations also allowed women, whether married, single or widow, to take up land.

Some Chinaman is going to get strong by a Canadian honey bee. Nearly 5,000,000 Canadian honey bees went forward recently.

UNITED CHURCH

CONTINUOUS SERVICE

The U. G. G. terminal at Port Arthur has a capacity of 5,500,000 bushels. The U. G. G. terminal at Vancouver has a capacity of 2,800,000 bushels. Through these terminals United Grain Growers continuously carries on the business of getting forward to market the grain produced in western Canada. When winter blocks the lake route the flow of grain continues through Vancouver.

This is just one of many reasons enabling this company to give unsurpassed grain handling service to farmers.

The amount of caffeine in a cup of coffee or a cap of tea is usually sufficient to produce the drug effects taken in moderation, tea and coffee is not habit-forming in the same sense as are opium and cocaine. The best scientific evidence indicates that

taken in moderation, tea and coffee are not harmful.
